Everybody Invited

We've Got 'Em Going

Watch the Knockout

When you step on a man's corn—it hurts. When you begin selling good, honest clothes with such values as \$15 suits at \$9.95—\$20 suits at \$11.65 and values up to \$30 at \$15.95—mind you, all of this with a money-back guarantee, it makes certain stores HOWL, WONDER and try to GUESS how we can do it. But guessing alone never accomplished much in this world. You've got to be there with the punch—the thinking piece—and be able to back up your word with HONEST merchandise. This we're doing. But if any of our competitors really want to know how we do it—here's the secret. The Boss has a brother in New York who steals the clothes and sends them to Honolulu to be sold. Having nothing to pay for the goods—hence our ability to give such GREAT BARGAINS. For further information see

PROGRESSIVES GETTING READY FOR CITY FIGHT

Conference of Precinct Club Officers Is Held and Situation Is Gone Over

A conference called by the provisional committee of the Progressive party of all the officers of the various Progressive precinct clubs of Oahu was held yesterday afternoon at the residence of John Makia at Kalihi. About 50 Progressives from the fourth and fifth districts were in attendance and candidates for the various offices were considered and discussed. At the close of the conference the meeting adjourned to the Union grill where the officers were entertained as the guests of the provisional committee. The piece de resistance at the banquet was a 40 pound young pig from Jack Atkinson's ranch at Watertown.

As a result of yesterday's conference and recent Progressive developments, it is likely that a number of municipal offices will have no Progressive candidate running for them.

No candidates have appeared for mayor, clerk, auditor or attorney, and though a candidate for mayor may step forward, none is now in sight.

Under these circumstances it is likely that what amounts to an endorsement for Clerk Kalauokalani, Auditor Bicknell and Attorney Catburt will be given by the attitude of the Progressives in leaving the corresponding spaces on their ticket blank and supporting the men who have given good service.

H. M. Ballou of the Progressives emphasized the fact today that yesterday's conference was in no sense a party convention.

"While we did talk over candidacies and tell some men we would give them support if they would run for certain offices, we will wait their own announcement of candidacy," he said. "They must file their own nominations."

It is learned that the Progressives plan to put a full supervisory and legislative ticket in the field.

SAMARITAN AND BRIGHT'S DISEASE

James Craig, a prosperous merchant of Silverton, Oregon. He has time to think of the health and happiness of those about him.

A young lady school teacher, the daughter of a friend, was succumbing to Bright's Disease. Craig wrote to the late N. W. Spaulding, then United States Sub-Treasurer of San Francisco, to ask if there was any truth in the report that Bright's Disease was being cured in California. Spaulding replied that after he had spent \$10,000 with physicians, his own daughter had recovered, and that too after the dropsy had developed and the case was supposed to be hopeless.

Craig advised the rather and Fulton's Renal Compound was taken to the patient. She recovered and was teaching school at last advice. Craig was delighted and told others. He has sent us the names of nearly a dozen helped to new leases of life.

The ability of Fulton's Renal Compound to oppose Renal degeneration and reduce albumen in many cases of Bright's Disease is not a matter of opinion, but a FACT IN PHYSICS, and we will mail formula for albumen test that will show percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco. Ask for pamphlet—Advertisement.

Sparks From the Wireless.

The steamer Kentuckian was reported by the Mutual Wireless at midnight as being 368 miles from Port Allen, en route to Balboa.

The Montanan left Hilo at 11:40 o'clock Saturday night for Balboa.

The steamer Wilhelmina is reported as being 662 miles off port last night. She will arrive at daylight tomorrow morning. All on board are well.

The Matson Navigation liner Wilhelmina, now steaming from San Francisco and due to arrive at Honolulu on Tuesday morning, has been reported through wireless to Castle & Cooke as follows: She has 70 cabin and 25 steerage passengers aboard. The Wilhelmina is bringing 204 bags of mail and 3319 tons of cargo for this port. For Hilo the vessel has 205 tons of cargo.

Shinyo Maru Is Delayed.

Delayed presumably because of strict quarantine restrictions imposed along the coast of Japan, the "oyo Kisen Kaisha liner Shinyo Maru from China and Japanese ports is predicted will arrive at Honolulu early Wednesday morning, the vessel meeting with a delay of about 24 hours in steaming from the Orient. Through the agency of Castle and Cooke, the Shinyo Maru will be dispatched for San Francisco in the evening of that day following the discharge of about 600 tons of freight.

1135 FORT STREET.

TO THE VOTERS OF THE CITY AND COUNTY OF HONOLULU:

Having already filed my nomination papers, I hereby publicly announce myself as a candidate for the Republican nomination as supervisor for this city and county.

As has been suggested in the public press that each candidate state his qualifications and express himself on municipal questions, I respectfully submit the following, and solicit the votes of the people at the coming election.

I have been identified with the business interests of this city for the past 25 years—have taken an active part in the Republican party since its inception in this Territory. I am a taxpayer. I have, for the past 10 years, been an active worker in local improvement clubs, and in the work have had intimate connection with the municipal departments and their workings. I believe from this experience with local conditions, if elected to serve on the Board of Supervisors, I would be able to render service to the taxpayer that would be of some good, and I pledge myself to an economical administration of municipal business.

The municipal business for the next few years requires that the Board of Supervisors should be made up of men familiar with conditions and with experience in handling business problems, a few of which are as follows:

Construction of modern and durable roads.

Placing of the water and sewer systems on a self-sustaining basis.

Proper care of school buildings and grounds.

Establishing public parks throughout the city, in the congested sections, and providing for their maintenance.

Establishing rest and comfort stations for the convenience of our tourists.

Establishing and equipping an emergency hospital.

Installation of a proper and economical system of maintaining the roads of the city.

I believe that good roads are the best asset of the city—by good roads I mean roads that are built to stay and constructed of such material as will stand the traffic to which they may be subjected, and constructed along scientific lines, so that the underground utilities can be taken care of without tearing up the main surface.

I believe in the just and equitable application of the two-road improvement acts, now on the statute books, and if elected as a supervisor will, to the best of my ability, endeavor to put the same into operation.

I believe in a scientific and economical system of road repair work and maintenance, and if elected to serve on the board, I shall do everything in my power to see that a proper system of road maintenance is adopted.

I believe in a clean city and that every effort should be made by the Board of Supervisors to stamp out insanitary conditions and adopt such rules and ordinances that will compel cleanliness and sanitation.

I believe in an adequate police department to insure the safety of the people of the city.

I believe in an up-to-date fire department, and that the supervisors should extend fire protection to outside districts as soon as the finances of the city will permit.

I believe in maintaining public parks for the benefit of the people, and that such places for rest and recreation should be opened up in congested parts of our city.

A crying need of this city, from a tourist resort point of view, is for places of rest, recreation and also comfort stations. I believe that comfort stations should be erected throughout the city and that every effort should be made at once by the city and county government to establish these places.

Lack of space prevents me from going further into municipal requirements.

Respectfully soliciting the votes of the people, I stand for the efficient and economical administration of municipal government business.

Very truly yours,
ALBION F. CLARK.

HUNDREDS OF WOMEN

nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.—Advertisement.

The Japanese liner Nippon Maru is now en route from San Francisco to Honolulu. The vessel is due here about next Friday.

BIDS ASKING FOR ADVERTISING OF 1915 CARNIVAL

The Promotion Committee is advertising for bids for printing in four colors the poster for the 1915 Mid-Pacific Carnival, the design for which was made by Cirilo Salonga. The specifications also call for the reproduction of the design on 40,000 postal cards, 20,000 mailing cards, and 50,000 stickers. No special number of posters is mentioned in the specifications, the bids to be for printing as many thousand 25x35 posters as can be supplied, the amount for printing all material not to exceed \$1,150.

All bids must be in the hands of the Promotion Committee not later than noon, Friday, Aug. 7. The bids will be opened and the contract awarded at a meeting of the members of the committee which has been called for 3:30 o'clock on the afternoon of the same day. The contract must be completed by October 1.

SICK, SOUR STOMACH. INDIGESTION OR GAS

Take "Pape's Diapiesin" and in five minutes you'll wonder what became of misery in stomach

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gas and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty-cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak disordered stomach; it's so unnecessary.—advertisement.

There were five deaths for the first 15 days of July from tuberculosis according to the report made to the territorial board of health by the registrar general.

Take a 40c Tin Humidor of Tuxedo along

In comes Summer—vacation time—and that old lazy, yawny feeling. Makes a man get out his pipe, puff away and start dreaming of good times to come. Air's mighty sweet in his nostrils—and so is Tuxedo, too. A grand old tobacco to dream over on days of rest and recreation.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

The new Tuxedo 40c Tin Humidor is a vacation necessity. At the beach, in the mountains, on the farm—wherever you go, this handsome, convenient, air-tight humidor will keep a handy supply of Tuxedo for you, in fresh, delicious condition.

Tuxedo is made from the choicest selected crops of old Kentucky Burley—the cream leaves of each golden season—ripe, mellow, fragrant and—above all—mild.

Treated by the original Tuxedo process so that it can't bite. We've had imitators galore, but the original Tuxedo process is still the best, as it was the first, in the field.

You Can Buy Tuxedo Everywhere In 40c Tin Humidors

Also in 80c Tin Humidors

Convenient Pouch, inner-lined with moisture-proof paper 5c Famous green tin with gold lettering, curved to fit pocket 10c In Glass Humidors 50c and 90c

THE AMERICAN TOBACCO COMPANY

"Funny, isn't it, boys—to look over these Fire Sales, and Clearance Sales, and Damaged-by-Water Sales of unadvertised, unbranded and unworthy suits of clothes! Thank goodness we're wearing ALFRED BENJAMIN suits—clothes that are well known, well liked, and sold at staple prices."
